22nd September 2022

Dear Parents/Carers,

As many of you know the Government introduced Relationships, Health and Sex Education as a compulsory subject in Primary Schools. These are taught through our PSHE lessons although Sex Education is taught through our Science Curriculum.

Many of you attended our successful PSHE policy and lessons parent consultation meetings last academic year where we shared the PSHE (RSE) Policy with you and examples of work from all year groups.

At Kingsley Primary, we have looked closely at the PSHE curriculum for this academic year and we are happy that we do not need to make any significant changes to our teaching as we already cover areas such as healthy eating, internet safety and mental wellbeing.

On our website, you will find the PSHE (RSE) Policy including the long term curriculum plan. If you were unable to attend the parent consultation meeting last year, you will find the powerpoint on the website as well.

<https://www.kingsley.liverpool.sch.uk/pshe/>

If you have any questions please do not hesitate to contact me.

Yours sincerely

Alison Whittaker
Head Teacher
