Cross Curricular:

Prior Learning: We all belong to a community: different groups, my family, school. We all have rights and we have a responsibility to protect our rights. We all need to help look after our local environment.

Future Learning: We all have a shared responsibility to protect the world around us. How every day choices can affect our environment.

Essential Knowledge:

A community is a group of people living or working together in the same area. People in communities might go to the same schools, shop in the same stores and do the same things. They also help each other and solve problems together.

A right that all people are born with is called a human right. Many people now agree that there are many human rights. Some of the most basic rights are the right to live and the right to believe what one chooses. Many people think that a government should protect the human rights of all its people.

There are rules that we must follow.
